

Outline of Facilities

Tsukuba International Congress Center was opened in 1999 with the aim of enhancing the city's research exchange functions.

Mr. ESAKI Leo is the director of the congress center. It has been the venue for many international and national conferences, as well as science events held for junior high and high school students such as "Science Casting" and "Tsukuba Science Edge".

Main Achievements of International Conferences

- ▶ 2016 G7 Science and Technology Ministers' Meeting in Tsukuba, Ibaraki
- ▶ 2018 The 17th World Lake Conference (Ibaraki Kasumigaura 2018)
- ▶ 2019 G20 Ministerial Meeting on Trade and Digital Economy in Tsukuba, Ibaraki

Floor Guide

Facilities fit for variety of needs

The main convention hall, which can accommodate up to 1,258 people's connected by video to meeting rooms and two smaller halls, making it possible for up to 2,500 people to participate in meetings. There are also a multi-purpose hall, rooftop garden, restaurant, and other facilities that can be used for a wide variety of purposes.

Superior facilities and staff

A 400-inch, high-definition projector (in the main hall), supporting up to six languages, simultaneous interpretation (an infrared ray); world-standard equipment, such as a TV conference system; and professional staff for sound and lighting, etc. allow for smooth conference programs.

Providing High-quality of services

The refined, open space of the Center provides an easy-to-use, comfortable setting that will guarantee the success of conventions and events. Get-togethers, meetings, and discussions are supported by sincere services of staff.

Facility Overview

Leo Esaki Main Convention Hall

The main convention hall, which can accommodate a wide variety of uses such as major international conferences, lecture presentations, and seminars, can hold up to 1,258 people. The hall also has state-of-the-art equipment and services such as a 400-inch projector and simultaneous interpretation in up to 6 languages. The comfortable seating and relaxing layout helps provide a high-quality convention environment that is befitting an international city like Tsukuba.
